RID SCHOOLS OF DISLOYALTY.

Indianapolis Star.

The extent to which Bolshevism and anarchy have crept into our most cherished institutions, has been revealed in New York city, where fifteen school teachers have admitted that they are familiar with and friendly to the communist party. Some already have been dismissed and others will be subjected to searching inquiry. If there is any place where radicalism must not be tolerated it is in the schools, and little time should

be lost in separating such teachers from the city's payroll.

The children attending grade schools are at a most impressionable age and they naturally look up to their teacher as a very superior person. If not by direct methods their little minds can be stunted with the most subtle poison, which eventually will kill their loyalty and respect for the flag. The very foundation of our most sacred institutions is laid upon patriotic instruction in the schools, and every plan to Americanize the alien contemplates a thorough course in English and history.

Steps should be taken to learn if every teacher can boast of 100 per cent Americanism, for the members of this profession are the best agents of good government and their loyalty must be proved beyond all suspicion. They are sworn to uphold our institutions and to inculcate in their pupils the spirit which emanates from our national creed.

You know how scarce hen's teeth are? Then give plenty of grit to grind the feed.

THE CRACK O' DOOM FOR NASTY CALOMEL

Folks Abandoning Old Drug for "Dodson's Liver Tone, Here in South

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

SOIL AND FERTILIZERS FOR PEANUTS

Clemson College, December 1.—Much interest is developing in the growing of peanuts as a commercial crop as one substitute for cotton in the boll weevil sections of the state. Two of the questions most frequently asked by farmers, says Prof. C. P. Blackwell, head of the agronomy division, are: What kinds of soil are best for peanuts? and what kind and amount of fertilizers should be used for this crop?

Prof. Blackwell answers these questions as follows. First as to soil. Peanuts can be grown under a wide range of soil conditions. The best soil is a sandy loam with a reasonable amount of humus and plenty of lime. It should be well drained. The heavier soils will make good yields of nuts, if the soil has plenty of humus in it and is friable, but they are not so easily cultivated and they may stain the nuts. This makes the nuts less salable but does not injure them for home consumption.

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor! Read this statement:

Mrs. R. F. Powell, Main St., Lexington, gave the following statement, June 10, 1914: "I had a dull ache in my back all the time and in the morning when I got up I could hardly bend over. I tired easily and it was an effort for me to do my housework. Headaches and dizzy spells bothered me and my sight was blurred. Doan's Kidney Pills from the Harmon Drug Co., gave me relief almost at once and after using three or four boxes all the trouble disappeared."

Over three years later or on Feb. 4, 1918, Mrs. Powell said: "I think just as much of Doan's Kidney Pills today as I did when I recommended them nearly four years ago. I haven't had to use a kidney medicine since that time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Powell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

As to fertilizers, for the Coastal Plains section of the state an 8-3-3 fertilizer is recommended, the amount to depend on the kind of soil. Five to eight hundred pounds will pay best on the average. On soils that are rich in organic matter a fertilizer analyzing 8-2-3 will pay best, while in the Piedmont section a 9-2-3 will give good results.
